

Bitterwasser Lodge & Flying Club, season 2007/08

General terms and conditions

Overview

Bitterwasser is a flying center which wants to be open for all disciplines of aviation. Therefore, it is planned to expand the possibilities for flying in the future. Two gliders (a single seater and a twin) are available for charter by guests at present.

In addition, an Ultralight plane ("Wild Thing") is temporarily stationed at Bitterwasser and can be chartered.

Commercial aspects

Booking conditions

are published on the corresponding application and registration forms.

Fixed deductible (cost sharing)

If you fly an aircraft owned by Bitterwasser, you have to deposit a fixed deductible (amount see "Payments") prior to your first take-off.

At the takeover of the aircraft, the charterer and the Bitterwasser International Flying Club (BIFC) representative have to check the aircraft, and all defects are noted (see "Charter contract").

Introduction flight

All pilots flying for the first time at Bitterwasser have to make an introduction flight.

Chartered aircraft not flown

Fees for days without flying a chartered aircraft will not be refunded if this is due to weather conditions or personal negligence. If such an aircraft cannot be flown due to technical reasons, e.g. a damage, BIFC will inform the charterer as soon as possible and will try to find a solution that is acceptable to both sides.

Administrative conditions

Validation

You have to have your pilot license validated in Namibia if you want to fly an aircraft registered in Namibia (V5-XXX). See "Organization_Documents" on how to proceed, and pay attention to the time required for completion of these formalities.

Membership in Bitterwasser International Flying Club (BIFC)

The laws require that all pilots and passengers flying with an aircraft owned by BIFC must be a member of BIFC. This membership begins with the confirmation of your booking.
